

(Senior) Consultant GMP

Description

~~Senior GMP Consultant in Quality Assurance, Quality Control, Production, Clinical Distribution, Regulatory Affairs, and Compliance~~
For our team in Munich, we are looking for a

(Senior) Consultant GMP

Responsibilities

- Provide expertise and consulting on GxP-related items to our clients
- Provide QA services to our clients
- Advise our clients in vendor selection and qualification activities
- Support the import and batch release processes for client IMP
- Support clinical distribution activities
- Support and/or perform GMP/GDP audits
- Support inspections by authorities, client audits and self-inspections
- Support and continuously improve our Pharmaceutical Quality System
- Support internal QA activities

Qualifications

- Academic degree as a pharmacist or degree in a Life Science related field
- At least 10 years of experience in the pharmaceutical industry with relevant experience for the position (e.g. Quality Assurance, Quality Control, Production)
- Excellent knowledge of GMP/GDP regulations in Europe and US
- Qualification as Qualified Person (according to Art. 49 of Directive 2001/83/EC) would be a plus
- Experience as auditor would be a plus
- Strong team work ethic and sound organizational skills for functioning with a high degree of independence on projects with minimal supervision
- Flexible, scientific working style and willingness for continuous education
- Willingness to travel (e.g. audits, meetings with clients and CDMO)
- Fluency in English; German would be a plus

Job Benefits

- A dynamic and friendly atmosphere with flexible working hours
- Working with highly motivated professionals and with international clients
- Opportunities to develop and grow personally, to get exposure to a multitude of exciting projects and to contribute into development of a growing organization
- A culture of independent thinkers embracing debate and initiative
- A permanent and full-time position
- An attractive salary scheme
